WORK AND LEADERSHIP EXPERIENCE

Zoom Monitor | NYU IT

Aug. 2020 - Present, Remote

- Assist faculty with Zoom functions, including breakout rooms, recording, screen sharing, as a meeting host or alternative host
- Troubleshoot and resolve video and audio issues by providing instructions to participants through the chat, communicating with my team about unresolved problems and bugs
- Suggest features for efficient teaching in remote/hybrid courses

Marketing Committee Head | The Data Science Club at NYU

Oct. 2021 - Present, New York, NY

- Create a marketing timeline for the club's Datathon event to present to our partners at Rockstar Games, efficiently delegate graphic creation tasks and help draft publicity emails
- Use Canva to create all marketing materials for the Center of Data Science's blog for Fall 2021, including Instagram stories and LinkedIn posts, and post according to communications from the blog committee

Office Assistant | NYU Department of Chemistry

Dec. 2019 - June 2020, New York, NY

- Processed major/minor applications and registration forms, referring students with questions to the appropriate resources
- Fulfilled administrative duties for faculty, including recording of sensitive information such as exam scores and course grades
- Maintained constant communication with supervisors and colleagues about task progress and completion

PROJECTS

- Nutritional label for a decision system that predicts loan default risk
- Analysis of NYC middle school data from NYC Department of Education regarding specialized high school admission
- Data and regression analysis of Spotify data for relationships between song qualities such as valence and danceability
- Expanded resume website, which includes a portfolio where the above projects can be viewed: erinchoi2001.github.io
